

Pet Friendly Procedures

We welcome your special family member and we want to ensure that their visit with us is as comfortable as possible. With this in mind, we have set up amenities just for them along with a few rules to help create a peaceful stay for everyone at the Cannery Pier Hotel.

1. We have a special pet entrance to the hotel. While we offer pet friendly rooms, we also want to preserve a superior experience for all our guests. When leaving or entering the hotel with your pet, please use the door on the east end of the building nearest the bridge.
2. You will find special amenities for your pet to use during your stay with us. We offer the very best non-allergenic food and treats. We are delighted to give you these samples. If you would like to purchase more, please ask us at the front desk.
3. We have provided plastic doggie bags to clean up after your best friend, and we suggest taking a nice walk along the trees just off the dock on the right.
4. In the interest of all our guests, we ask that you not leave your pet in your room unattended and that you restrict your pet's movement away from any public area other than your guest room and the parking dock. Thank you for your cooperation.
5. There is a \$25 per day per pet fee charged upon check in. We want your pets visit to be special and an experience to remember. While we trust that your pet is well traveled and well behaved; damage to the guest room could result in an extra fee.
6. We would appreciate any comments regarding both your and your pet's visit.

Thank you for choosing the Cannery Pier Hotel. We hope both you and your pet's experience here in amazing Astoria is beyond your expectations!

Sincerely,

The Staff and Management
Cannery Pier Hotel
